DJ RX (Bitboutique Records)

DJ RX has been doing his thing behind the decks since 1999. As a musician's son, he had rhythm and love for music at his cradle. At the tender age of three, he started his first explorations into music on self-made instruments. At the age of seven, he started taking classical piano lessons. A few years later he changed to playing guitar, and proceeded to study guitar for five years at the Academy of Contemporary Music (ACM).

Music has been at the center of his life for a long time. RX is co-founder of the label Bitboutique Records, which is currently in the international spotlight with its' high-quality releases. As an ex-member of 'Cycle Repair', RX functioned as co-producer for their dancefloor bombs „Merry Xmas“ and „Husband“ (Ashley Slater – Cycle Repair Remixes, BBTQ002) and played numerous live acts in a trio formation. As a DJ, he has played residencies at Rohstofflager, UG Club and Tonimolkerei and appears at various hip venues.

Since 2006, RX spins together with his DJ partner Adrian Flavor using the alias 'Animal Trainer'. He is also active as a promoter: The successful partylabel 'RAKETE' fills Hive Club in Zürich regularly, for example with the 'Animal Farm'-series. Finally, RX besides being a DJ, plays guitar in the hardcore band 'Dying In Motion' (D.I.M).

With his excellent DJ sets, RX regularly induces extasy in partygoers - with Deep- and Tech-House, a pinch of Schranz or hypnotic Minimal Sound.
